

LOIRE VALLEY AOC SANCERRE 2020

White wine

Trésor des Gabares

ORGANIC WINE CERTIFIED BY ECOCERT France FR-BIO-01

Our Gabares story

On the Loire river, the "Gabares" move in a gentle manner on this last wild river in Europe, favoring natural ways: wind in the sails and river current. Respecting the same tradition, the vineyard, conducted in certified organic farming, brings special care to working with its soil, only enriched with organic amendments.

Building on its expertise, its aim is to intervene as little as possible on the vine, while focusing its efforts on the monitoring and forecasting of natural processes.

The quality of the matured grapes is the ultimate aim. In the entire vineyard, in the chai as well, nature does the work (and the long river flows peacefully).

The Vineyard:
